About The Event:

Felicity's Creators Awards is a platform for creators to showcase their talents and skills in various fields, such as writing, photography, art, music, dance, and more. It allows creators to gain exposure, receive recognition, and potentially win cash prizes!

Participants have been asked to submit their work online, and a panel of judges <the people> evaluate each submission. The artwork with the most reach in each category will be awarded!

These competitions can be a great way for creators to challenge themselves and push their boundaries while connecting with a community of like-minded individuals.

This experience is exciting and rewarding for established and/or aspiring creators.
